CHILDREN WELCOME

If you're planning an escape to the sunshine this spring and have kids in tow, consider Le Jardin des Douars, just outside Essaouira in Morocco. This hotel, with glorious gardens for exploring and a number of pools for water-babies to enjoy, ticks all the family-friendly boxes. The Douaris Rooms are small, self-contained houses with a lounge area, double and twin bedrooms, and space for two extra cot beds; Le Ksar caters for little ones with an under-12 menu and options for babies; and best of all, Smith & Family is offering two nights' free babysitting with every seven-night stay until the end of 2014, as well as a hammam session and black-soap exfoliation for each adult guest, and a mini-massage for each child.
